1. There are now 200 tractor driving schools in Rumania and 20 new ones have been started. The new tractor construction program has a goal of 23,000 tractors. All tractors now being built are taken over by the military commission instead of being delivered to the agricultural centers.
2. In the Bucharest slaughter-house, 1,000 animals are being slaughtered daily. Almost all this meat is canned and stored. For a long time not even the small meat allowances appearing on the ration cards had been respected.
